

APPS TO EMPOWER

ENCOURAGING SOFTWARE DEVELOPERS TO CREATE TECHNOLOGIES THAT ADDRESS GENDER INEQUALITY.

Project URL: appstoempower.org

- Social Exclusion
- Social Software
- Internet
- Mobile

Apps to Empower encourages software developers to create technologies that address gender inequality. The site selects and showcases the top apps that are connecting women with life-changing skills, education, information, confidence or connections. Applicants submit 'fully-baked' apps, built for Datawind devices.
