

BETTERMAP.ORG

MAPPING NGO FACILITIES WORLDWIDE

Project URL: bettermap.org

Project Twitter: [@bettermaporg](https://twitter.com/bettermaporg)

- Data
- Geolocation

bettermap.org is an interactive map documenting the geographical location, work and connected projects of NGOs around the world. The website provides detailed reports showing where NGOs are working and enables coordination during crises. The service uses Ushahidi as a platform and so data from the map can be accessed and analysed to help understanding.
