

# BRIBESPOT

## MAPPING BRIBERY AND CORRUPTION

Project URL: <http://bribespot.com/en/>

Project Twitter: [@bribespot](https://twitter.com/bribespot)

- Data
- Geolocation

Bribespot allows users to upload information about bribes and corruption in a given area. They are able to provide information on the location, amount and context surrounding the bribe, in order to highlight corruption and warn others. The service is anonymous.

Bribespot is available for Android and iOS.
