

CHALLENGEFUTURE

CONNECTING YOUTH AND POLITICS AROUND THE WORLD

Project URL: challengefuture.org

Project Twitter: [@challengefuture](https://twitter.com/challengefuture)

- Social Software

challengefuture aims to connect youth and politics around the world by hosting a series of online challenges which address particular aspects of youth life (engagement, employment etc). It allows youth participants to work together to solve particular challenges. Members sign up for challenges and upload their ideas/presentations to the website. Winners receive funding and support for their ideas.
