- Economic Empowerment
- Mobile
- Social Software

DONATE provides people with a way to donate and support cultural causes and campaigns through a number of routes (SMS, debit or credit card and PayPal).

Donations can be made via the website or a mobile phone. Cultural organisations display signs identifying individual causes and campaigns that need support.

Each cause/campaign has a unique code which is either:

- entered into a text message and, with the donation amount, texted to 70970 or
- dynamically found by the phone/tablet by scanning the QR code or
- dynamically found by the phone/tablet by touching the NFC chip with an enabled device.
