Fiverr is an online marketplace for freelancers who are prepared to carry out very small tasks and services, dubbed 'gigs', for as little as \$5. The site lists 1.3 million services in 13 categories, including design, translation, animation and programming. 115 sub-categories range from 'Hold Your Sign', to C++, Joomla and Java in the Programming and Tech section, and 'Market Research' and 'Business Plans' in the Business section.
